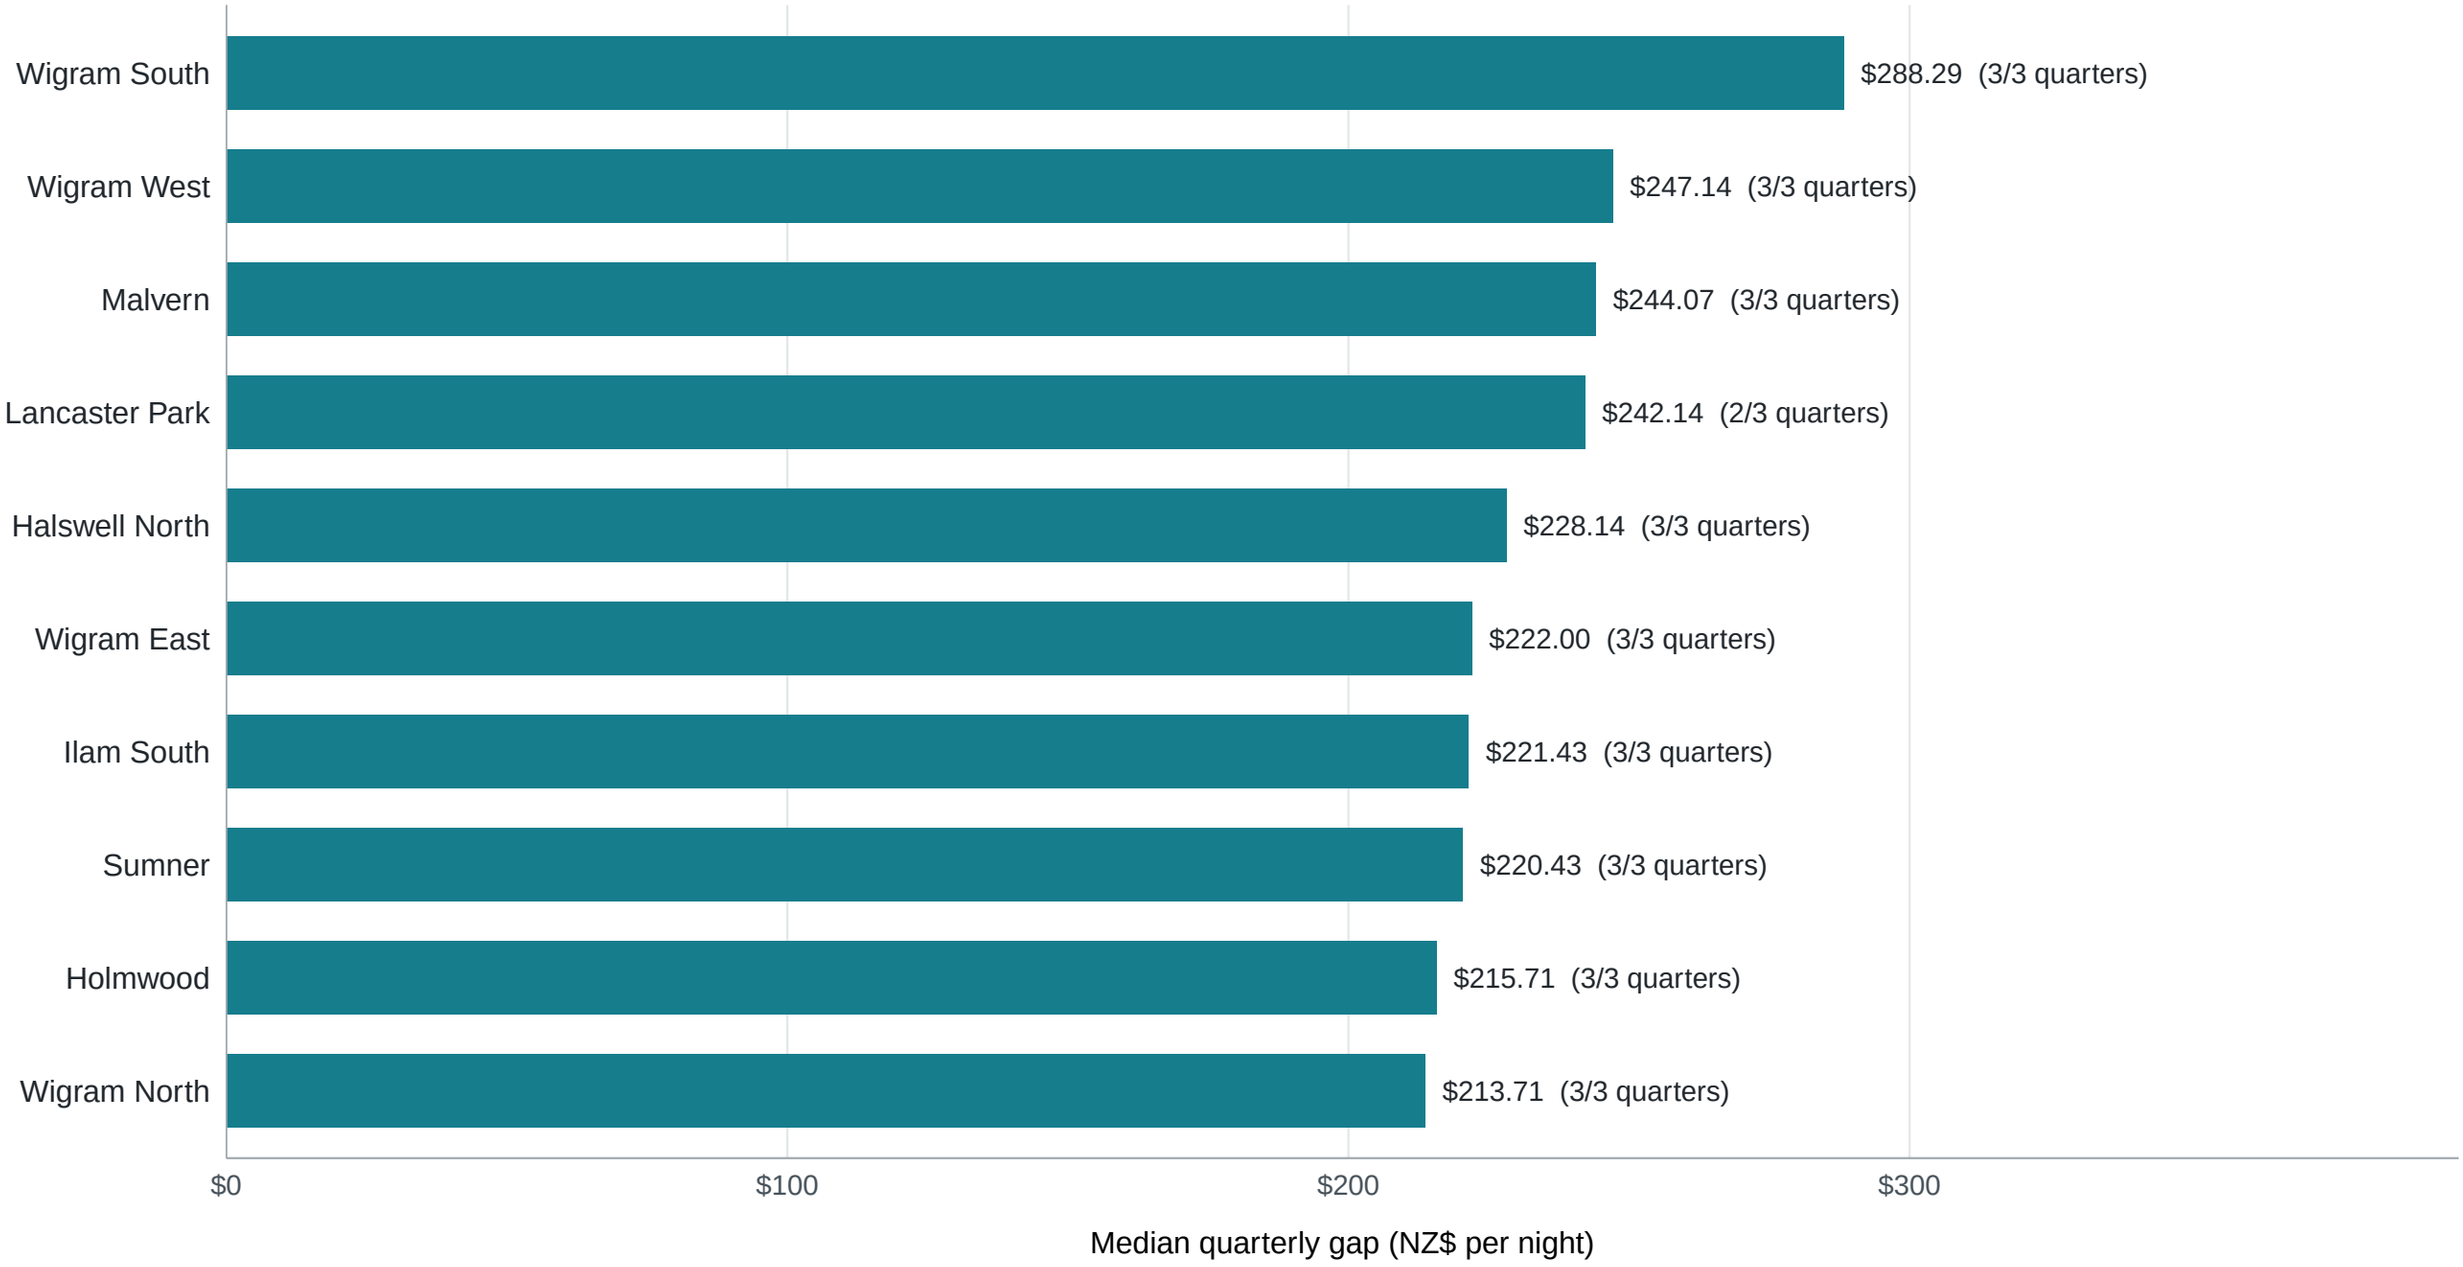
Largest short−term vs long−term rental price gaps

Top 10 matched SA2 areas | October 2025−June 2026 | SA2 2019
Median of quarterly gaps: Airbnb median nightly price − (tenancy median weekly rent / 7)



Labels show the gap and matched quarters. Airbnb prices are missing for Dec 2025−Feb 2026; medians use available prices.
Advertised Airbnb prices and bond rents describe different markets; the gap is not a profit or causal estimate.
